DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 48 and 49 are rejected under 35 U.S.C. 102(b) as being anticipated by Robb, US 4179133.

3. Robb teaches an apparatus for converting a skateboard into a scooter comprising a conventional skateboard 11 and an upright member 12 having a front panel and side panel extending rearward from the sides of the front panel. Robb also teaches an attachment means in the form of a slot 39 for receiving the front end of the skateboard. The skateboard further is secured within the slot using nuts and bolts extending through apertures 40, 41, and 71.

Allowable Subject Matter

4. Claims 46, 47, 50-70 are allowed.

Response to Arguments

5. Applicant's arguments with respect to claims 48 and 49 have been considered but are moot in view of the new ground(s) of rejection.
